Registration of a student who is not a resident is a fraudulent act. Any student found to have been fraudulently registered will be dropped from the attendance rolls immediately. Parents or guardians making a fraudulent registration may be subject to retroactive non-resident tuition charges for non-resident students.

This proof of residency is to attest that the student is living on a permanent basis with the person having complete custody and control. I certify that I am the parent or legal guardian of the above-named student at the street address identified above during the week throughout the school year and the student has their meals and sleeps at this address. I understand the residency requirements and the penalty for fraudulent registration.
